

Federal Contract Opportunities Update

Notices for October 15-20, 2024

This update contains summaries of procurement notices issued between October 15-20, 2024 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

F -- F108--ASBESTOS ABATEMENT LYONS CAMPUS (COMBINE)

SOL: 36C24224Q0504

DUE: October 28, 2024

NAICS: 562910. THIS IS A TOTAL SMALL BUSINESS SET-ASIDE. The U.S. Department of Veterans Affairs requires a firm to perform the removal of asbestos-containing mastic as well as carpet and vinyl composite tile (VCT) from Buildings 9 and 57 of the Lyons VA Medical Center in Lyons, New York. Building 9, Room 130, has approximately 870 square feet of VCT tile and mastic; Building 57, Room 138, has approximately 126 square feet of carpet tile and mastic. The work shall include, but not be limited to, performing abatement of asbestos-containing materials and transporting all waste generated by the abatement to a suitable disposal facility. The contractor shall ensure that all applicable Local, State and Federal Law and codes for abatement activities are met or exceeded. OFFERS ARE DUE BY 10:00 AM EDT ON OCTOBER 28, 2024.

F -- PALMYRA ATOLL - EAST COOPER ISLAND PRELIMINARY ASSESSMENT / SITE INVESTIGATION (SRCSGT)

SOL: 697DCK-25-R-00043

DUE: October 30, 2024

NAICS: 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The Federal Aviation Administration (FAA) contemplates issuing a Screening Information Request (SIR) for environmental services necessary to perform a Preliminary Assessment / Site Investigation at East Cooper Island, Palmyra Atoll, which is located almost due south of the Hawaiian Islands, roughly one-third of the way between Hawaii and American Samoa. Additional samples will be taken on Paradise Island and Strawn Island on Palmyra Atoll to determine if there are any contaminants in the surface soils at concentrations that exceed applicable cleanup criteria and characterize concrete for future use or disposal. Work will include, but not be limited to: soil sampling and analysis, a minimum of one full day of underwater survey; and a horizontal and vertical survey of all building locations, sample locations, and any other locations deemed to be pertinent to the project must be conducted to third-order accuracy. The contractor must provide utility location services to identify all buried utility systems where subsurface work is to be completed, have some form of GPS-enabled digital data collection and navigation capability during fieldwork, and provide a DoD-certified unexploded ordinance (UXO) professional on the island during site work for the purpose of consultation in the event that unidentified materials are observed during the course of PA/SI activities. Fieldwork must be completed March 17-31, 2025. The purpose of this pre-solicitation is to solicit statements of interest and capabilities from Small Business Administration (SBA) SEDB 8(a) certified business concerns capable of performing the type of work described in this notice. CAPABILITY STATEMENTS ARE DUE BY 12:00 PM CDT ON OCTOBER 30, 2024.

F -- REGION 2 ERRS VI 68HE0225R0001 (SRCSGT)

SOL: 68HE0225R0001

DUE: November 1, 2024

NAICS: 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH ONLY. The U.S. Environmental Protection Agency, Region 2, seeks to gain knowledge of interested, qualified businesses that possess the capability to provide year-round, 24-hour/7-days-per-week emergency services and time-critical environmental cleanup services for releases of hazardous substances/wastes/pollutants and contaminant/materials and petroleum products/oil for the U.S. Environmental Protection Agency (EPA) Region 2 Offices, which include New York, New Jersey, Puerto Rico, and the U.S. Virgin Islands. Environmental cleanup in response to natural and manmade disasters, terrorist activities, weapons of mass destruction, and chemical, biological, radiological, and nuclear incidents may be required under this contract. A regional cross-over may be requested under this contract. The Government anticipates the award of an Indefinite Delivery Indefinite Quantity (IDIQ) contract with a five-year base period. It is anticipated that the Government intends to issue the solicitation in March 2025. This date is projected. The procurement strategy will be determined in part by the responses to this notice. There is no solicitation at this time. CAPABILITY STATEMENTS ARE DUE BY 1:00 PM EDT ON NOVEMBER 1, 2024.
