

# Federal Contract Opportunities Update

Notices for December 10-15, 2024

This update contains summaries of procurement notices issued between December 10-15, 2024 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## **F -- CA-MODOC NWR- QUARTERS 14 ASBESTOS ABATEMENT (COMBINE)**

**SOL:** 140FS125Q0018

**DUE:** December 19, 2024

**NAICS:** 562910. THIS IS A FULL AND OPEN COMPETITION. The U.S. Fish and Wildlife Service seeks a contractor to provide asbestos abatement services at the Modoc National Wildlife Refuge in Alturas, California. Work includes providing materials and services to remove all contaminated insulation materials in the furnace space of the primary Refuge house. This project will remove both asbestos and non-asbestos-containing insulation currently in this space to prepare for furnace ducting replacement work and re-insulation of the attic space. Interested parties must be experienced, California-certified for asbestos removal, and have demonstrated positive past performance with abatement and disposal of asbestos-containing materials. A site visit is scheduled for Tuesday, December 17, 2024, at 1:00 PM PST. Note that the Refuge cannot accommodate unplanned site visits; please do not show up without approval. The award will be a firm-fixed-price contract with an expected performance period from the award date through January 31, 2025. OFFERS ARE DUE BY 1:00 PM PST ON DECEMBER 19, 2024.

## **F -- ASBESTOS ABATEMENT AT MOUNTAIN HOME AIR FORCE BASE (SRCSGT)**

**SOL:** FA489725SS005

**DUE:** December 20, 2024

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Department of the Air Force requires a contractor to abate and remove asbestos-containing material (ACM) in an existing construction site in Building 1300 at Mountain Home Air Force Base in Idaho. Walls have been removed and opened to expose the ACM. Abatement needed includes eight 10' HVAC pipes that can be cut and removed. Also, a 10' water-insulated water pipe needs insulation removed from the pipe while the pipe must remain in place. Stick-framed walls were removed and left approximately 60' x 4" residual VCT needing abatement. Beneath a layer of sheet vinyl, 192 square feet of ceramic tile requiring abatement was discovered. There is no solicitation at this time. RESPONSES ARE DUE BY 4:00 PM MST ON DECEMBER 20, 2024.

## **F -- ASBESTOS DISPOSAL, ST MARY'S FALLS CANAL MAINTENANCE AND SUPPORT BUILDING (SRCSGT)**

**SOL:** PANGLR-25-P-0000\_0001715

**DUE:** December 24, 2024

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Army Corps of Engineers, Detroit District, is seeking professional industrial hygiene services for the abatement and disposal of floor tile and mastic, wall panels, and pipe covering in the Maintenance and Support Building (MSB) located at the St Mary's Falls Canal at 119 E. Water Street in Sault Sainte Marie, Michigan. The contractor will conduct two main tasks to include Asbestos Removal and Disposal and Asbestos Abatement Oversight and Air Monitoring: 1) Approximately 820-square feet of 9"x9" asbestos floor tile and mastic, as well as 27 linear feet of metal panel wall with asbestos paper insulation will be removed from the MSB former bank using non-friable abatement techniques, and removal of 3 feet of piping insulation from above the bathroom in the machine shop using non-friable abatement techniques; and 2) removal of 20 linear feet of wall material from Environmental Health office located on the first floor of the MSB. The contractor will review available project documentation and prepare waste characterization packages for submittal to an appropriate landfill. Upon receipt of approval for disposal from the landfill, the contractor will notify USACE and prepare the manifests to accompany each shipment of material. The contract is expected to be solicited in early 2025. CAPABILITY STATEMENTS ARE DUE BY 2:00 PM EST ON DECEMBER 24, 2024.

**F -- SERVICES OF A SPILL MANAGEMENT TEAM TO MANAGE THE CLEAN-UP ACTIVITY IN THE EVENT OF AN OIL SPILL FROM MARAD-OWNED VESSELS. (COMBINE)**

**SOL:** RFP693JF725R000004

**DUE:** January 13, 2025

**NAICS:** 562910. THIS IS A FULL AND OPEN COMPETITION. The U.S. Department of Transportation, Maritime Administration, requires a contractor to: i) prepare vessel response plans for each Vessel; (ii) prepare tactical response plans for Fleet Sites; (iii) inspect, audit, and test Vessels and National Defense Reserve Fleet (NDRF) Fleet locations for readiness; (iv) conduct up to six training sessions and drills per year for MARAD field personnel as requested by the Contracting Officer's Representative; (v) arrange and participate in tabletop oil spill response exercises; and (vi) provide the service of a Spill Management Team (SMT) to manage the clean-up activity in the event of an Oil Spill from a Vessel or a Fleet Site. Currently, the vessels are non-tank vessels, but MARAD reserves the right to add tank vessels in the future. Most vessels are not operating but are to be maintained in a status to be ready for expedited operation. Vessels are operated as required on missions or to test for readiness. The contract will have a six-year base period from March 1, 2025, through February 28, 2031, and two 24-month option periods. OFFERS ARE DUE BY 3:00 PM EST ON JANUARY 13, 2025.

**F -- DISTRICT 17 ENVIRONMENTAL REMEDIATION SERVICES MULTIPLE AWARD CONTRACT (SRCSGT)**

**SOL:** 70Z087R25JUNE00001

**DUE:** January 15, 2025

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The Department of Homeland Security U.S. Coast Guard's (USCG) Shore Infrastructure Logistics Center Contracting Office, in support of Civil Engineering Unit (CEU) Juneau's Environmental Management Branch, is seeking eligible 8(a) firms interested and capable of performing on a Professional Environmental Remediation Services Indefinite Delivery Indefinite Quantity (IDIQ) Multiple Award Task Order Contract (MATOC) in the State of Alaska. The USCG contemplates an 8(a) set aside for firms based in and/or with experience, performing Environmental Remediation Services in Alaska. Firms must be well versed in State of Alaska Environmental Regulations. The USCG contemplates a wide range of environmental services including, remediation, consulting and engineering. NAICS Code 562910 will be used with a Small Business Size Standard of 1,000 employees. Responses to this Sources Sought will aid the USCG in selecting responsible firms within the current marketplace able to provide these services. Services will be procured on an as-needed basis for routine and emergent requirements. The contracts offer a streamlined approach to contracting and ongoing competition between qualified contractors. The duration of the Environmental Remediation Services IDIQ is projected to be one year from the date of contract award with two three-year option periods with negotiated rates for each calendar year within the ordering period. The total capacity of this ordering tool is anticipated not to exceed \$45,000,000 (\$45 Million) for the life of the contract. Planned projects awarded on this IDIQ are estimated in excess of \$50,000 up to \$10 Million; however, smaller and larger dollar-value projects may be considered. RESPONSES TO THIS SOURCES SOUGHT NOTICE ARE DUE BY 10:00 AM AKST ON JANUARY 15, 2025.

### **F -- F108--ASBESTOS ABATEMENT CANTEEN AREAS (PRESOL)**

**SOL:** 36C24625B0008

**NAICS:** 562910. WHEN THIS SOLICITATION IS RELEASED ON OR ABOUT JANUARY 7, 2025, IT WILL BE COMPETED AS A SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) SET-ASIDE. The U.S. Department of Veterans Affairs anticipates issuing a solicitation for a construction project to perform the removal and disposal of asbestos-containing materials (ACM) from the Veterans Canteen Service Storage Room 105, Canteen Office Area Room 114 and 114B, and the Retail Store Area Room 112 in Building 3 at the VA Medical Center in Fayetteville, North Carolina. The VA Medical Center considers removing the ACM as a regulated, Class II asbestos removal that shall be cleared by visual inspection, and the collection of multiple air samples will be analyzed by TEM analysis. A third-party air monitoring firm retained by the VA shall conduct continuous project monitoring during removal activities and perform the final visual inspection and clearance sampling. The contractor shall be responsible for acquiring appropriate permits. This project shall be completed in three separate phases. Phase 1 will be the removal of ACM in Rooms 105 and Room 114. Phase II will be the removal of ACM in the Retail Store Area Room 112 during the proposed remodel. Phase III will be replacing the flooring throughout with a Luxury Vinyl Tile (LVT) and coordinating the color and pattern of flooring with the VA COR. The estimated construction magnitude is between \$100,000 and \$250,000. There is no solicitation at this time.

### **Z -- Z1DA--INDEFINITE-DELIVERY/REQUIREMENTS FOR ASBESTOS ABATEMENT (PRESOL)**

**SOL:** 36C25025R0050

**NAICS:** 562910. WHEN THIS SOLICITATION IS RELEASED ON OR ABOUT JANUARY 1, 2025, IT WILL BE COMPETED AS A TOTAL SMALL BUSINESS SET-ASIDE. The U.S. Department of Veterans Affairs is looking to award a requirements contract that will cover asbestos abatement projects as they arise at the Richard L. Rhodembush VA Medical Center in Indianapolis, Indiana. The contractor shall furnish all materials, labor, equipment, training, transportation, and personnel necessary to accomplish asbestos abatement tasks in accordance with VA-provided drawings and specifications. The magnitude of construction project is estimated between \$500,000 and \$1,000,000 for all task orders issued through the contract ordering periods. The estimated construction magnitude is between \$500,000 and \$1,000,000. There is no solicitation at this time.

### **F -- ENVIRONMENTAL REMEDIATION SERVICES (ERS) (PRESOL)**

**SOL:** W911KB25R0012

**NAICS:** 562910. WHEN THIS SOLICITATION IS RELEASED ON OR ABOUT DECEMBER 27, 2024, IT WILL BE COMPETED AS A TOTAL SMALL BUSINESS SET-ASIDE. The U.S. Army Corps of Engineers (USACE), Pacific Ocean Division (POD), Alaska District (POA) requires services necessary to execute projects under the Environmental Remediation Services (ERS) Program. Requirements will support the emergency response required of POA under the federal National Contingency Plan for oil spills and hazardous substance releases (40 CFR Part 300 - National Oil and Hazardous Substances Pollution Contingency Plan). POA historically has the largest environmental program of the four (4) POD District offices. This acquisition will be utilized for up to 95% on requirements in Alaska. Only 5% of the capacity is anticipated to possibly be carried out at other locations, including within the USACE POD Area of Responsibility (AOR), which includes but is not limited to Alaska, Hawaii, Japan, Korea, and the Pacific Islands. The award will be an Indefinite-Delivery/Indefinite-Quantity (IDIQ) Multiple Award Task Order Contract (MATOC) for four to six contracts under a total small business set-aside with a maximum shared capacity of \$97M. There is no solicitation at this time.
