

Federal Contract Opportunities Update

Notices for December 17-22, 2024

This update contains summaries of procurement notices issued between December 17-22, 2024 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

F -- LEAD PAINT REMOVAL SAULT ST. MARIE (SRCSGT)

SOL: PANGLER-25-P-0000002172

DUE: January 6, 2025

NAICS: 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Army Corps of Engineers, Detroit District, is seeking information from interested sources that are qualified to provide abatement and disposal of lead paint from the Poe lock and MacArthur lock chamber buttons as well as from three doors at the new power plant in Sault St. Marie, Michigan. The contractor will use sponge blasting and/or needle gun abatement techniques. The contractor will collect air samples for lead analysis during paint abatement activities. Waste will be taken to an appropriate landfill by the contractor. The result of this market research will contribute to determining whether this requirement will be set aside for small businesses (in full or in part) or procured through full and open competition. All small business set-aside categories will be considered. Telephone inquiries will not be accepted nor acknowledged, and no feedback or evaluations will be provided to companies regarding submissions. RESPONSES ARE DUE BY 2:00 PM EST ON JANUARY 6, 2024.

F -- REMEDIAL ACTION OPERATIONS AT FORMER FORT DEVENS, DEVENS, MASSACHUSETTS (PRESOL)

SOL: W912WJ25R0003

NAICS: 562910. WHEN THIS SOLICITATION IS RELEASED IN EARLY 2025, IT WILL BE COMPETED AS A TOTAL SMALL BUSINESS SET-ASIDE. The U.S. Army Corps of Engineers, New England District, will be soliciting for an environmental services contract at former Fort Devens and the former Sudbury Training Annex on behalf of the Army under the BRAC Program. This contract will be a Single Award Task Order Contract (SATOC) Indefinite Delivery/Indefinite Quantity (ID/IQ) contract set-aside acquisition action under the U.S. Small Business Administration (SBA) 8(a) Business Development Program. Former Fort Devens is located approximately 35 miles west of Boston, Massachusetts, within the towns of Devens, Ayer, Shirley, Lancaster and Harvard. The Former Sudbury Training Annex is located 20 miles from Former Fort Devens and was annexed in 1982 by Fort Devens. Former Fort Devens was placed on the National Priorities List (NPL) on November 21, 1989. In accordance with Section 120 of CERCLA, a Federal Facility Agreement (FFA) was entered into by the Army and EPA in 1991. The major efforts under this SATOC will generally include environmental services at various sites related to: (1) long-term monitoring; (2) operations and maintenance activities including landfill inspections; (3) remedial action operations; and (4) community relations support. The main contaminants detected at former Fort Devens include but are not limited to: solvents, petroleum and metals. There is no solicitation at this time.
